

**JANE STOREY - CONSERVATIVE CANDIDATE**  
**SUFFOLK COUNTY COUNCIL ELECTIONS 4<sup>th</sup> June 2009**  
**THEDWASTRE NORTH DIVISION**

**Jane's Pledge**

**I believe that as your Councillor I can offer you the following :-**

- I am a local person, living and working in the area
- I work hard to bring benefits to the villages and people that I represent
- I will continue to reduce the bureaucracy and running costs of the County Council
- I will make sure that road maintenance and repair is a high priority and that heavy traffic is routed onto more appropriate roads I will use common sense - not political correctness - as the measure of success for any County Council policy or service
- I believe that a Conservative administration at Suffolk County Council is the only way to
- give you value for your money, without reducing services. Please return me as your
- Councillor and help me to achieve this.

**About Jane**

I was born in Pakenham, the eldest daughter of Alan and Diane Bauly (now of Tostock). My father and grandmother farmed in Hunston until the mid 1970's. I was educated at Elmswell Primary School and then the County Grammar School in Bury St Edmunds. I married Chris Storey in 1985 and in 1994 we moved to Badwell Ash.

In 2002 I was elected to represent Thedwastre South on Suffolk County Council and when the boundaries changed in 2005 I was elected to represent the new Thedwastre North division. I have been very active in my work as a councillor. In addition to my work in the division I have also been a member of the Cabinet at Suffolk County Council and for the last two years I have been Deputy Leader.

I have always shown great interest in all local issues, charities and organisations and am well known for my active support. I am a governor at three local schools and also Otley College. I am Chairman of Badwell Ash United Charities, and a member of Hunston PCC.

I am involved in fundraising for Services charities - Help for Heroes, SSAFA and the Royal British Legion. I have also raised funds for the ARC Addington Fund and the East Anglian Air Ambulance. Since I moved to Norton in 2005 I have enjoyed walking my dogs round the many footpaths in the area. I also enjoy watching rugby and off-road driving with Suffolk Land Rover Owners Club.
