

LISA CHAMBERS - CONSERVATIVE CANDIDATE
SUFFOLK COUNTY COUNCIL ELECTIONS 4th June 2009
NEWMARKET AND RED LODGE DIVISION

Lisa Writes :-

It has been a privilege to represent the place where my family and I were born over the past four years at Suffolk County Council. I am very proud of what has been achieved here :-

- Suffolk is our home. We must gain a balance between the need for new houses for young families and space for new business and jobs. With the need to preserve our unique culture and heritage, I will continue to work to protect our town and villages from unwanted development.
- Keeping roads safe is a priority for me. Speeding in our villages has been highlighted as a major problem and I have worked with the council and police to find positive ways to discourage speeding vehicles.
- We need better roads and transport. Over £1.5 million has been spent on road safety in Newmarket in the last year alone to enhance the character and economy of the town.
- I have worked with the local police to ensure that vandalism, graffiti and anti-social behaviour is dealt with thoroughly and quickly.
- We need to protect our racing industry and I am especially pleased that the damaging proposals to stack aircraft for Stansted over Newmarket have been halted. I will continue to protest and campaign against any similar plans in the future.

Lisa's Priorities :-

I want to build on what has been achieved during the last 4 years :-

- **Keep the lowest levels of tax in Suffolk - and ensure we never return to 18½% Council Tax increases.**
- Continue to give Newmarket and Red Lodge a strong voice at the County Council and secure investment for us all.
- Continue to protect our environment and keep Suffolk one of the safest counties - Suffolk is a great place to live!
- Work with communities to reduce speeding and promote safe use of our roads.
- Manage development to protect the unique character of our historic towns and villages.
- Work with our businesses and schools to deliver better education and skills.
- Continue to protest to NATS about the problems aircraft stacking over Newmarket will cause.
